ATTN OF:

SUBJECT: REAFFIRMATION WITH ERRATA OF DEPARTMENT OF ENERGY (DOE)
HANDBOOK, DOE-HDBK-113 1-98, GENERAL EMPLOYEE RADIOLOGICAL
TRAINING (GERT)

TO:

Jeff Feit, EH-22
Technical Standards Manager

On January 15, 2004, a notice of intent to reaffirm DOE-HDBK- 113 1-98 was sent to the DOE Technical Standards Managers. The notice requested comments regarding the planned reaffirmation. All comments have been resolved. With the issuance of this reaffirmation memorandum and errata sheet (attached) DOE-HDBK- 113 1-98 is now considered to be technically valid. The Office of Worker Protection Policy and Programs recommends reaffirmation with errata the handbook in accordance with the Department's responsibility under the 5-year "Periodic Document Review" (Sunset Review) provision of the Technical Standards Program Procedures.

Electronic copies of the revised standard in Word 2002 and PDF format are also attached.

If you have any further questions in this matter, please contact Mr. Peter O'Connell on 903-5641, or at Peter.O'Connell@eh.doe.gov.
